Summary:

The Village Code needs to be revised to meet State statutes regarding the adopted version of the Illinois Energy Conservation Code for the year of the code edition adopted by the State of Illinois.

In order to provide a method to stay consistent with the Illinois Code revisions for the Energy Conservation Code as well as other adopted State codes, the phrase “current edition” is suggested to be added to the end of the Illinois Energy Conservation Code, Illinois Plumbing Code and Illinois Accessibility Code.

The proposed revisions were discussed and recommended for approval by the Building, Planning and Zoning Committee.
